Global Thermoset Composite Solutions
I. Special Size Exceptions - (For tables above)
A. Walls less than 0.031 " must be cleared by Department Manager for capability and cost.
B. Walls greater than 1.0 for paper, glass and some special cotton based materials, must be cleared by Department Manager.
C. Specifying Inside Diameter and Wall Thickness is not offered in any grade where lathe turning is required and the Outside Diameter exceeds 9.000".
D. Supplied at:

Random Length $=$ No lengths less than $12^{\prime \prime}$ on a $18^{\prime \prime}, 18^{\prime \prime}$ on a $24^{\prime \prime}, 30^{\prime \prime}$ on a $36^{\prime \prime}$ or $42^{\prime \prime}$ on a $48^{\prime \prime}$
standard length.
Non-Trimmed is considered a random length but not trimmed to allow for maximum customer yield.
Minimum Length is considered the specified length with plus or minus 1.000 allowance
Cut-To-Length is: (Tube must be a finished OD)
$6 "-48^{\prime \prime}$ cut length with maximum Outside Diameter of 0.250 " $-5.000^{\prime \prime}$;
Tolerance of $\pm 0.125^{\prime \prime}$ (May cut all $-0.250^{\prime \prime}$ or all $+0.250^{\prime \prime}$ )
$12^{\prime \prime}-48^{\prime \prime}$ cut length with maximum Outside Diameter of $5.001^{\prime \prime}-18.000$ "; Tolerance of $\pm 0.250^{\prime \prime}$ (May cut all $-0.500^{\prime \prime}$ or all $+0.500^{\prime \prime}$ )
18" - 48" cut length with maximum Outside Diameter of 18.001" - 24.000"; Tolerance of $\pm 0.250^{\prime \prime}$ (May cut all $-0.500^{\prime \prime}$ or all $+0.500^{\prime \prime}$ )
All grades of micro ID tubing (less than $0.187^{\prime \prime}$ ID) are offered as random length only.
Maximum Outside Diameter is $36.000^{\prime \prime}$ for trimmed length.
E. IDs less than $0.375^{\prime \prime}$ are restricted to $36^{\prime \prime}$ maximum length.

RTB320X (Maximum Length of $24^{\prime \prime}$ for IDs less than $0.375^{\prime \prime}$ )
F. Additional Restrictions and Restricted Grades:

Maximum OD of $\mathbf{0 . 6 2 5 "}$ with IDs less than $0.250^{\prime \prime}$.
RT628 (Maximum ID 24.000")

| II. Outside Diameter - Available Finishes |  |  |
| :---: | :---: | :---: |
| Outside Diameter |  |  |
| Minimum | Maximum | Finish ${ }^{\text {a }}$ |
| 0.250 | 9.000 | Centerless |
| 9.001 | 24.000 | As Wound |
| 24.001 | Maximum | As Wound |
| ${ }^{\text {a }}$ Special Finish Requirements must be cleared by Department Manager and noted on manufacturing order. |  |  |

NOTE: Contact Customer Service for sizes and tolerances not listed. Micro ID Tubing (IDs less than $0.187^{\prime \prime}$ ) is offered in RT629 and RT630. Industrial Standards related to tolerance, finish and workmanship is assumed, unless otherwise specified. Walls over .500 " are subject to check marks and/or cracks in the wall. Oil stabilized post cure (secondary cure), identified as grades with an " S " suffix, is available with any phenolic resin grades (Maximum raw OD 24.000"). Forced air post cure (secondary cure), identified as grades with an " H " suffix, is available with any resin grade excluding Melamine.
